

To speakers during the 36th InterExpo congress

Curacao, 16 September 2025

Re: **REMINDER** - 36th congress "Fifteen years after 10/10/10" on 9, 10 and 11 December 2025,
Nieuwspoord, The Hague

Dear speakers,

In just over three months, the 36th InterExpo conference, themed "Fifteen Years After 10/10/10," will begin. InterExpo is hard at work preparing for this conference, which has attracted considerable interest from the islands within the Kingdom of the Netherlands and from the Netherlands itself. There are many speakers available, but there's hardly any room left to admit new speakers within the conference's timeframe.

The brochure for the 36th Congress will be printed in early October 2025. Therefore, it is crucial that we receive the title of your introduction and a short resume **by 30 September 2025 or earlier**. We would appreciate receiving both documents in Dutch and English.

Regarding the length of your introduction, we request that you limit it to approximately 30 minutes. Immediately following your introduction, the audience will be given the opportunity to ask questions. Please keep your answers brief and concise. The question and answer session will last a maximum of 20 minutes (exceptions are possible). InterExpo would like to remind you that the press has been invited to this conference.

InterExpo looks forward to a great conference and thanks you in advance for your contribution.

Kind regards,

InterExpo Caribbean N.V.
Peter Oerlemans
